

# Exhibit B

**Declaration of Nick Horton**

1. My name is Nick Horton. I am the Co-Executive Director of OpenDoors, a non-profit organization founded in 2003, whose sole mission is to provide services to people with criminal records.
2. OpenDoors operates a 14-unit housing facility at 700 Plainfield Street, Providence, Rhode Island, which provides a structured, transitional housing for formerly incarcerated individuals.
3. I serve as the House Manager for the Plainfield facility.
4. We currently have nine beds available that could house ICE detainees currently held at the Wyatt Detention Center in Central Falls, Rhode Island, who are released on bail in *Yanes v. Martin*, Case 1:20-cv-00216-MSM-PAS.
5. These beds are available for detainees for whom release to family members is unavailable or inappropriate, or while alternative release arrangements are being developed.
6. Released detainees could stay at our facility for up to six months.
7. The house will be staffed, at a minimum from 5:00 p.m. to 12:00 p.m. daily, with other staff present frequently throughout the day providing supervision and case management.
8. Each detainee housed in our Plainfield facility would be assigned a case manager to help with their transition to living outside a carceral environment.
9. During the COVID-19 crisis, social distancing and other measures to prevent the spread of the virus are mandated within the facility.
10. During the COVID-19 crisis, no visitors are allowed in the Plainfield facility.
11. During the COVID-19 crisis, tenants will only be allowed to leave the premises for approved activities.
12. A complete set of house rules for the Plainfield facility are attached hereto.

Pursuant to 28 U.S.C. § 1746, I declare under penalty of perjury that the foregoing is true and correct.

Executed this 1st day of June, 2020, in Providence, Rhode Island

      /s/       

Nick Horton

## **NEXT PHASE PROGRAM RULES:**

The goal of this phase is to live your recovery lifestyle: to stay away from criminal activity, to live independently, maintain and deepen your own unique recovery pathway, work towards your goals so you will be able to continue to succeed on your own after the program ends.

### **Planning**

In order to meet your goals, in the first week after release, put together a complete plan. This includes a full schedule for each week, with appointments for you to take care of all your initial needs, such as food stamps, enrolling in programs, court fines and parole or probation appointments, and seeing family.

**During the Covid-19 crisis, tenants will not be allowed have visitors, so this process will take place over the phone with the help of the case manager.**

### **Program Expectations**

are expected to voluntarily work towards the goals that you, your counselor and recovery support team decided on. You must be dedicated to these goals in order to be in the program and live in the Next Phase Recovery House. The goal and purpose of this house is to provide you with a safe, and recovery-oriented home-like environment, case-management and assistance so you can make progress towards your recovery goals.

### **Case Management meeting**

You will have case management meetings between one and four times a week, likely on a weekday evening. This meeting is required. If you are on parole, your parole schedule and curfew will be adjusted so that you are required to be at the meeting. **During the Covid-19 crisis, these case management sessions will generally take place remotely.**

**Forbidden Activities:** Any forbidden activity constitutes sufficient reason for removal from the 9 Yards program.

1. Violence and weapons: Any violent activity or involvement with weapons.
2. Drug Use: Any illegal, or legal drug use, including alcohol, or possession of illegal drugs or drug paraphernalia. Marijuana use with a prescription is permitted as long as it is not on the premises and does not conflict with parole rules.
3. Criminal activity: Any criminal activity of any sort.

**Sanctions:** Responses will vary depending on the infraction. All infractions/forbidden activities will be reported to the Probation and Parole department in a timely manner. Lesser infractions may result in intermediate sanctions. These include, but are not limited to: loss of free time, reduced curfew, or loss of visitor's privileges. Infractions may include items such as--missing a mandatory, scheduled appointment such as a house meeting, positive tox screens, failure to pay rent, or violating aspects of the perimeter or visitor policy. For clients on parole, responses to any rule violations rests with the discretion of the Parole Officer and ultimately the Parole Board.

### **Parole/Probation rules:**

All individuals on parole or probation must abide by rules established by parole/probation regarding curfew, scheduling, visitors, and drug screening. If you are living at the house, this includes the rule that you are not allowed to have any unauthorized visitors in the building or visitors during non-visiting hours. *Open Doors staff must report known rule violations to probation or parole.*

**Drug Screening:**

This program requires that all participants participate in random drug screenings. If you are doing drug screens through another program or parole, this does not exclude you from this requirement. The frequency of these random screens will vary per person.

*Open Doors staff must report positive urine screens to parole/probation.*

**Visitor and Perimeter Policy:** Client activity near the house and visits to and near the house from visitors are regulated to maintain security and order at the house.

Visitors: **During the Covid-19 crisis, no visitors are allowed at all to protect the health and safety of the tenants.** No visitors are allowed in or near the house without permission and may not be present after 9:30 PM on weekdays and 11:00 PM on Fridays and Saturdays.

Approving visitors: House Manager meets with all guests and visitors, explains the house rules to them. Visitors of OpenDoors are held to the same standards as all house members. When visitors arrive they sign in and out with the House Monitor. We expect house members to notify staff when they invite guests or visitors over. Tenants may not allow other people's visitors into the house.

OpenDoors has a Good Neighbor policy with all our tenants and house members. These Good neighbor policies keep us all safe and in good standing in our neighborhood. Everyone needs to be aware of their noise levels: any unruly or disturbing behaviors that disrupt our good neighbor standing negatively impacts all of us. No loitering allowed in front of the house or on the street in front of the house.

**Curfew: During the Covid-19 crisis, tenants will only be allowed to leave the premises for approved activities.** All tenants must be home by 10:00 PM Sunday through Wednesday night, 11:00 PM Thursday night, and 12AM on Friday and Saturday nights, unless they have an exception such as work or a medical appointment as proven by documentation from an employer. Clients not on parole will be able to request limited overnight passes at the discretion of the House Manager.

**Democratic Decision Making:** While the above rules have been established by OpenDoors and are not flexible, many aspects of how the house operates are part of a conversation between clients and staff. House meetings will provide opportunities for tenants to give feedback to each other as well as staff and to make decisions about the following house rules:

- House Cleaning: It is required that the house be cleaned and kept in good condition, and it is the responsibility of the tenants to determine together how to meet this expectation.
- Smoking: This is a smoke free house and the enforcement of this rule is part of a house conversation.

**Confidentiality:** All tenants should keep information about who lives in the house confidential, and not provide this information to outsiders. All house members are expected to maintain the confidentiality of their roommates out in public.

**Program Requirements:**

1. Employment: **During the Covid-19 crisis, this requirement is relaxed, as we understand that these opportunities will generally not be available.** All Clients must be employed. If they are not employed, they must enroll in the Open Doors Work-Readiness and Job Search Class and complete Community Service as mandated by Parole or be enrolled as a full-time student.
2. Addiction treatment: Participate in all parole mandated addiction treatment and mental health programming and comply with any recovery recommendations made by their councilor and/or recovery support team, including NA, AA groups, and other mutual aid groups including but not limited to SMART and Refuge Recovery as well as connecting with individual peer recovery specialists, recovery centers and/or recovery coaches.
3. Opiate Addiction: Any tenant that has a serious history of addiction to opiates must see a physician regarding treatment, including Medication Assisted Recovery pathways. If the physician recommends medication, such as Vivitrol, Suboxone, or Methadone, participation in 9 Yards requires the participation in the recommended Medication Assisted Recovery pathway.
4. Case Management: Clients must meet one-on-one in a sit-down case manage meeting with their case manager regularly, initially for at least 30 minutes per week.
5. House Meeting and Dinner: **During the Covid-19 crisis, there will be no house meetings.** Clients must attend a weekly house meeting to discuss any house issues and engage in the weekly group lesson or training, clients will assist with running the house meeting and recording meeting minutes.
6. Submit to weekly program drug screens (possibly in addition to those required by parole.)
7. Submit to possible searches (in your presence) of personal space within 9 Yards Recovery Housing. These searches will always be done with two people. If other tenants or residents have concerns then two or more people need to approach staff with these concerns. (expectations will help here)
8. Complete 10 hours of community service a week if not employed, with the understanding that up to two weeks will be allowed for identifying a community service placement. **During the Covid-19 crisis, this requirement is relaxed, as we understand that these opportunities will generally not be available.**

**House Rules for Entry and Exit**

- All residents must exit and enter through the one main entrance.
- If you are scheduled to be at the house (according to your parole schedule) you must physically be in the house or on the property.

**House Contract:**

You will be required to pay a **\$30 security fee** upon moving in, which will be returned to you upon leaving if no damage is done to your room. No furniture can be moved in, including beds, chairs, and mini-fridges. Televisions and small items are allowed.

**Moving out and Program Completion**

This program is designed as a six-month residential program, in order to provide clients enough time to make substantial progress towards their goals, best ensure successful completion of parole, and gain long-term stability. However, some clients may reach those goals in less than six months. Recommendation for early completion will be considered whenever a client has a stable alternate housing plan that meets parole/probation requirements. However, early completion will only be considered for clients that also have at least two months of: stable full time work, stable recovery support system, no positive tox screens, no rule infractions, have accumulated savings, have paid fee obligations, and have met personal goals set for themselves, such as obtaining a license, registering for school, etc.

**Bill Policy and Individual Development Account:**

For the first four weeks of tenancy, clients are not expected to pay any fees or make any savings account payments (the one exception being the Additional Utility Usage Fee). Similarly, if a client is not working and not collecting any SSI/SSDI, they are not expected to pay any fees or make any savings account payments.

**Rent:** Rent requirements are the following:

Month 1-3: No rent

Month 4-6: \$30/week rent

Month 7-12: \$60/week rent

**Utility Usage Fees:**

Space heaters and air conditioners can be used. There is an additional charge of \$20 utility usage per month due at the beginning of the month. If the utility usage is not paid then item cannot be used. OpenDoors staff can remove the item if utility usage fee is not paid.

**Individual Development Accounts (IDA):**

Individual Development Account: In addition to these fees, clients are expected to pay \$50/month into Individual Development Account each month. This money can be applied against outstanding fee balance but is meant to accrue to help client with savings upon move out. Clients who don't pay into IDA must

show that they are saving into their own bank account. Clients who make all IDA payments will receive a \$200 incentive at the end of the 6 months/upon move out.

*Failure to either pay into the IDA or save money will not result in eviction.*

**Bill Payment:**

Rent is in default if it has not been paid for two weeks. If a client is in default, they may be required to move rooms into a less desirable room, including into a double room, may lose privileges such as free time, or may be terminated from the 9 Yards program for non-compliance with program expectations.
